Profile

Detail oriented Data Analyst with hands on experience in SQL, Power BI, Excel, and Python. Skilled in data cleaning, data transformation, DAX measures, and interactive dashboard development. Strong ability to analyze datasets, generate insights, and build KPI driven reports to support business decision making.

Skills

Technical skills

- Power BI/Tableau (Dashboards & Visuals)
- MS Excel (Pivot Tables, Power Query, Lookups)
- Advanced SQL (Queries & Joins)
- Python (Pandas, NumPy, Matplotlib)

Soft skills

- Problem-solving
- Data storytelling
- Clear communication
- Analytical thinking

Project

Genz And Their Politics

11/2025 to 03/2026

- Collected and analyzed **2,000+ survey responses** on Gen Z political attitudes in Kerala.
- Performed data cleaning, analysis, and visualization using Excel and Power BI.
- Built an interactive dashboard highlighting political awareness, trust levels, and information sources.
- Generated actionable insights showing Gen Z is politically aware, and exhibits growing political distrust toward parties.

iPhone Comparison Dashboard

12/2025 to 12/2025

- Built a dynamic iPhone analysis dashboard using web sourced data.
- Performed data transformation and cleaning using Power Query.
- Designed interactive KPI cards and slicers for real time filtering and comparison.
- Delivered insights on pricing trends, rating distribution, and feature comparisons.

Flight Booking System

- Designed a normalized (3NF) relational database with indexed Primary and Foreign Keys.
- Wrote complex SQL queries using JOINS, CTEs, subqueries, and aggregate functions.
- Developed Stored Procedures, Views, and Triggers for booking and cancellation workflows.
- Optimized queries using indexing and execution plan analysis.

Education

B.Com CA

08/2022 to 03/2025

Kannur University

Certificate Deloitte Australia Data Analytics Job Simulation

- Completed Deloitte Data Analytics Job Simulation on Forge, performing real-world data analysis tasks
